It's OK. You won't lose your important job by reading our magazine, or become a dope smoking, guitar playing long haired loser by visiting our website.

What happened to your dreams? Did you only ever dream of having an expensive place to eat, sleep and shit in? Was that the height of your aspiration? Are you an important person? You know you're more important than that girl behind the counter, don't you? But you don't know why you're so dismissive of these words, do you? Don't really know why the ink stains on this piece of paper make you so uncomfortable, do you? There's a lot you don't know.
